Safety Assembly (KS version)

Having a naughty student is a good idea, it keeps the students attention while they are learning bus safety.

Pick 1 student or more to help, have them be a student on the bus

More chairs available . You are setting up the appearance that you are all on a school bus

Front seat-bust driver

Second seat - students

Third seat, bus driver acting as student

Covering the topics

Be ready at least 5 minutes early/here comes the bus app

Procedure during and after an accident

Crossing in front of the bus/ neve behind the bus

Why overhead lights come on

Using good bus behavior

Make it a skit type of thing?

a driver can be standing and appear to be waiting for the bus, students (driver) can be talking about how they know that being on time to the bus is important. Staying in the designated bus stop area, especially in the dark, will help keep the bus on schedule, as well as keep them safe.

Another driver can be acting as if they are approaching the students at a stop, as if they are the bus driver coming to pick them up.

Be sure to remember covering lights on and quiet at RailRoad Tracks

Student walks onto bus and immediately begins doing things that are not appropriate on the bus
Such as

Music on their phone,
Taking pictures
Switching seats
opening windows to far
Hanging out windows
Laying back in seat
Hanging out in aisle
Not quiet when lights come on
Spraying perfume on bus
Yelling at bus driver
Poking an annoying student in front of them,
Eating snacks
Pulling their mask
Getting on the floor

Encouraging questions, and always share the correct way, and why

What to do in case of an emergency

Ready 5 minutes early: keeping the bus on schedule/ and not hurrying, which can make you fall, and being at our stop when it's dark or a substitute helps a lot for the driver to be able to see you

Here Comes the Bus App: share with them that this is and give the information for it

Crossing in front of the bus: Always watch the driver

Wait for signal (universal crossing sign)

Walk not run

When crossing in front of highland, be sure to

- Use the crosswalk look both ways before crossing
- Watch for any approaching vehicles. Busses, cars, trucks
- **DO NOT** cross unless you know the driver sees you

Overhead lights : quiet when the lights are on at RR Tracks, as well as any other time.
Lights off means driver needs your attention

Good Bus Behavior: do your best to cover all on the sheet of bus rules
